## INTRODUCTION

### PUBLIC INVESTMENT PROGRAMME (PIP), 2006-2008

1. This three year PIP, 2006-2008 provides details of programmes and projects that RGC intends to implement in pursuance of the goals, priorities, strategies and actions outlined in the final draft of Cambodia's National Strategic Development Plan (NSDP), 2006-2010. It is
  - Based on all the latest available data (January 2006) both from line ministries and agencies and with CRDB/CDC.
  - Designed to conform to the sectoral priority allocations envisaged in Table 5.2 of the draft NSDP.
  - Organised along the sectoral priorities as in Table 5.2 of the draft NSDP.
2. The PIP is presented in four tables:
  - Table 1: Summary by sector showing how the allocations conform to NSDP priorities.
  - Table 2: Summary by sub-sector (elaborating on Table 1).
  - Table 3: List of projects by sub-sector -- ongoing, committed (those approved but yet to commence) and high priority pipeline (still to get commitment for funding), organised along the sector wise listing as at Table 5.2 of the draft NSDP.
  - Table 4: List of projects by ministry or agency.
3. This PIP fully takes into account all the ongoing and committed projects for which data is available. This list could change if more data or updated data become available. High priority pipeline projects submitted by various line ministries and agencies have been accommodated to the extent possible within the overall ceiling of allocations made in the NSDP. In some cases, bulk allocations have been indicated as high priority projects to be developed for the respective sector on the lines of the strategies mentioned in the NSDP.
4. Most of the high-priority pipeline projects would need funding support from EDPs who will be requested to conform to the listing and not adopt projects not listed in the PIP.
5. This PIP will be revised through the next PIP for 2007-2009
6. Total financial outlay envisaged for the three year period, 2006-2008 is US\$ 1,975 million or about 56.5% of the total outlay of US\$ 3,500 million expected to be spent during the NSDP period, 2006-2010. Brief details are (amounts in US\$ million):

Projects	Nos	Funds required for 2006-08	Funds Committed	Balance funds needed
Ongoing & Committed	334	1,616.368	1,411.586	204.782
High-Priority Pipeline	283	358.632	0	358.632
<b>Total</b>	<b>617</b>	<b>1,975.000</b>	<b>1,411.586</b>	<b>563.414</b>
Of which FTA projects	223	404.64		
Out side NSDP Priority	12	10.113		

*NOTE: Balance funds expected to be committed both by EDPs and RGC (see para 7 below)*

7. Anticipated total resources available during 2006-2008 are (US\$ million):

Source	Amount expected	Amount Committed	Balance to be committed
National Budget (RGC) -- excluding budget support funds from EDPs	350.000	294.321	55.679
External Development Partners (EDPs) -- including budget support funds	1,500.000	1,117.265	382.735
Gap to be made good by RGC & EDPs	125.000		125.000
<b>Total</b>	<b>1,975.000</b>	<b>1,411.586</b>	<b>563.414</b>

8. Funds needed annually are as follows (amounts in US\$ million):

Source	2006	2007	2008
RGC - current surplus in annual budget; excluding budget or programme support from EDPs -- IMF, etc	87	117	146
External Development Partners -- including budget or programme support and gap of \$125 million shown at para 7	513	633	579
<b>Total</b>	<b>600</b>	<b>650</b>	<b>725</b>

*NOTE: It is presumed that all EDP funds would be fully aligned with NSDP priorities. To the extent they do not, additional resources would be needed to implement NSDP priorities and strategies.*
