

HIGH LEVEL STAKEHOLDERS CONSULTATION MEETING ON 2016 - 2018 COUNTRY PROGRAMME ACTION PLAN

OUTCOME 4:

POPULATION DYNAMICS

By: Ministry of Planning

27th October 2015 | Council for the Development of Cambodia

CPAP Outcome and Outputs

Outcome 4:

Population dynamics
Strengthened national policies and international development agendas through integration of evidence-based analysis on population dynamics and their links to sustainable development, sexual and reproductive health and reproductive rights, HIV and gender equality.

Output 1:

Strengthened national and sub-national capacity for production and dissemination of quality disaggregated data on population and development issues that allows for mapping of demographic disparities and socioeconomic inequalities.

Output 2:

Increased availability and use of evidence on population dynamics, sexual and reproductive health, youth, gender issues and their linkages to national and sub-national development for policy formulation, implementation and monitoring.
