

TWG Retreat 2017

SDG Localisation into Cambodian Context Progress, M&E Framework and Next Step,

By Poch Sovanndy,

Deputy Director General of Planning, Ministry of Planning

Phnom Penh, 6-7 February 2017

Roadmap of SDGs Localization

- Conduct localization SDGs to Cambodia Sustainable Development Goals (CSDGs);
- Develop CSDGs framework;
- Integrate CSDGs Framework into National Strategic Development Plan (NSDP);
- Develop M&E framework to assess the progress of NSDP implementation and CSDGs achievement.

Progress of SDGs Pre-Localization into Cambodian Context

- Ministry of Planning was delegated by the Royal Government of Cambodia to lead and coordinate the process of localizing global SDGs into Cambodia Context
- Conducted an inter-ministerial kick-off meeting on SDGs Localization in Nov 2015 to introduce and review the list of indicators for SDGs
- Conducted an inter-ministerial meeting on SDGs on 15 Jun 2016 to select indicators by sectors, responsible agencies, data sources, and data cycle
- Conducted an internal meeting in Aug 2016 among relevant officials in Ministry of Planning to discuss the SDGs indicators, responsible by MOP
- Conducted inter-ministerial meeting on SDGs on 11-12 Aug 2016 (selection of indicators, indicator's definition, method to calculate value of indicator; baseline, and quantitative targets of each indicator) by 5P (People, Planet, Prosperity, Peace, and Partnership) for Cluster P1.

Progress of SDGs Pre-Localization into Cambodian Context

- Conducted an inter-ministerial meeting on SDGs on 4-5 Oct 2016 (selection of indicators; indicator's definition, method to calculate value of indicator; baseline, and quantitative targets of each indicator) in Cluster P2
- Conducted an inter-ministerial meeting on SDGs on 10-11 Oct 2016 (selection of indicators; indicator's definition, method to calculate value of indicator; baseline, and quantitative targets of each indicator) in Cluster P3
- Conducted an inter-ministerial meeting on SDGs on 17-18 Oct 2016 (selection of indicators, indicator's definition, method to calculate value of indicator; baseline, and quantitative targets of each indicator) in Cluster P4&5 and the remained indicators.

Challenges

- Limited capacity of the officials in line ministries and agencies on defining indicators and calculating the baseline and targets by year for their ministry or agency's indicators.
- Availability of data for assessing the progress/achievement of some indicators.
- Input from LMs-LAs still delay again and again.

M&E Framework

- Under process of National M&E System preparation;
- Monitoring and Evaluation for NSDP Implementation system (MENI); Orientation Guidelines;
- Under process of Institutional arrangement;
- National M&E Policy Drafted;
- Information system for M&E;
- The system will used to M&E CSDG achievement;

Way Forward

- Conduct two inter-ministerial meetings (Technical and High level meetings) to discuss the draft of CSDGs Framework in 2017;
- Submit CSDGs Framework to the Council of Ministers to get approval;
- Publish and dissemination of CSDG Framework at National and sub-national level;
- Integrate CSDGs into National Strategic Development Plan (NSDP) and sectoral level;
- Develop M&E Framework to measure the achievement of CSDGs and NSDP implementation.

Thank you !
